

***Closing Circle – NER conference - April 2, 2011***  
***“Sisters Now Our Meeting is Over”***

**This is the original song that I learned from Sue Robbins of Libana, and it is their recording. I sang "dear friends" in our closing circle. You can add other words in the place of sister (as they have here in the recording), such as brothers, friends, etc. The original lyrics are:**

***"Sisters now our meeting is over, Sisters we must part,  
For if I never see you anymore, I will love you in my heart.  
Yes we'll land on the shore, yes we'll land on the shore,  
Yes we'll land on the shore - and be safe forever more."***

**The author is unknown, but some seem to think it may be a Shaker song.**
