

# Clinical uses of iPad, iPod Touch and/or iPhone

## Apple Touch Screen Technology at MGH

- Hardware
  - 32 GB iPad
  - Lorrie's personal 32GB iPod Touch (for camera use and recording)
- Must have Accessories
  - iTunes Account
  - iTunes Gift cards!!!
  - "Home" computer to sync apps and music
    - One computer can sync many devices. Only have to but app once.
  - Case - That can be cleaned
  - Screen Protector
    - Infection control
  - Two - Three Headphones
  - 1 Headphone with Mic or iRig Mic
  - 2-3 way splitter - 2 for regular headphones 1 for headphone with mic.
    - During playback, there is an issue with hearing recorded vocals without holding down button on headphones.
  - Small portable speakers - be careful with feedback on some apps
  - Security
  - Cleaning wipes
- Other Accessories
  - iRig for guitar
  - Microphone stand clip
  - Camera adapter (iPad)
  - Keyboard for faster typing
  - Stylus
